Dear Sir

Warm Regards

Closed to the dawn of the next millennium homeopathic medical education must balance between rapidly advancing world of medical technology and its relevance to the country's need, A method of teaching & evaluation have by far remained unchange. The current issue deals with topic like collaborating teaching styles, developing, effective domain, cerative homeopathic education will reduce the gap between knowing & doing. The ultimate beneficiary of the change process will be the student & indirectly society at large. We acknowledge with the deep sence of relief attempt made by CHANDEAN K C, a man hailing from Kerala, India, who dedicated his whole life in learning, researching, experimenting and updating homeopathy so as to make it fitting to the modern advanced scientific knowledge system.

Redefining Homeopathy

A concepts represent an advanced stage in this dialectical evolution of homeopathy. It is SCIENTIFIC HOMEOPATHY. Homeopathy cannot be 'immutable'- it is undergoing 'mutations'!
